

GreenSky™

GreenSky Consumer Credit

October 2014

About GreenSky

GreenSky is a leading provider of consumer finance specializing in Home Improvement, Retail and Healthcare. We have built relationships with retailers and service providers in all 50 states.

Since 2006, GreenSky has played a critical role in transforming small business and consumer credit, enabling more affordable and more pervasive access to financing. Our company's people, process and technology solutions improve customers' lives.

GreenSky is recognized for its ability to provide customized credit solutions that enhance sales. GreenSky serves customers ranging from the world's largest and most demanding retailers and contractors to small and medium businesses, and consumers nationwide.
